Welcome to Rectanguland! It’s a nice place to visit…if you can find it! This is where YOUR help is needed. Follow the directions below to make an accurate map of Rectanguland. Tourists from all over the world are counting on YOU!

Directions:
1. Look at each feature listed in the key. Draw and color a symbol for each feature in the box beside it.
2. Draw the compass rose. Include both cardinal and intermediate directions.
3. Now follow the steps below to make your map in the space below. Include each feature and its name.
   - **Clue 1:** Rectanguland is a country shaped like a rectangle (Surprised?). Its northern and southern borders are longer than its eastern and western borders.
   - **Clue 2:** The Angular Mountains are located along the northern border.
   - **Clue 3:** Winsome River flows down from the mountains in a southeasterly direction. Then the river flows through Hiccup Hills.
   - **Clue 4:** Winsome River forms Cascade Falls as it empties into Lake Linger. Lake Linger is near the eastern border.
   - **Clue 5:** The capital city, Rightanglia, is located on the central western border of Rectanguland.
   - **Clue 6:** The Great Piney Forest is also along the western border.
   - **Clue 7:** The town of Needling is located at the northeast edge of the forest.
   - **Clue 8:** Two miles south of Needling is its twin town of Noodling.
   - **Clue 9:** In the south central area of the country is the DooWaka Desert.
   - **Clue 10:** The mining center, with the town of Nugget at its center, is north of the desert.
